
Work Experience Certificate

March 31, 2023

To Whom It May Concern,

I am pleased to inform you that Krishna Prasanth worked as a Campus Ambassador intern at BeyondExams - owned and operated by RnD Initiative Foundation. He started working at BeyondExams on Feb 01, 2023, and continued to do so till March 25, 2023. During this period, he worked closely with BeyondExams' Team and was personally mentored by me.

During his internship, Krishna's work involved building a high-quality portfolio website and mentoring 15+ students to build their first web-dev project. He also ran several awareness seminars to motivate the students towards a bright career prospect.

Krishna has shown tremendous potential to grow during the internship, and his ability to quickly adapt to changing circumstances and work methodology has been impressive. He is very hard-working and I am confident that he can learn, adapt and accomplish any task he puts his mind to.

Should you require any further information, please contact me via email at simran@beyondexams.org

Regards,

For RnD Initiative Foundation
